

Apprenticeship Standard: Team Leader/Supervisor Level 3

This programme is part of the TSP Learn Management and Leadership suite of programmes. We work with a wide range of employers/businesses delivering training programmes like this one to their specification and on their behalf.

Who is the programme for?

A team leader/supervisor is a first line management role, with operational/project responsibilities or responsibility for managing a team to deliver a clearly defined outcome. Working in the private, public or third sector and in all sizes of organisation, specific responsibilities will vary, but the knowledge, skills and behaviours needed will be the same whatever the role. Key responsibilities are likely to include supporting, managing and developing team members, managing projects, planning and monitoring workloads and resources, delivering operational plans, resolving problems, and building relationships internally and externally. Roles being undertaken by apprentices may include: Supervisor, Team Leader, Foreperson, Shift/Team Manager, Duty Manager, Assistant Manager. This programme provides an opportunity to develop staff into this area of responsibility.

Duration?

This Apprenticeship is designed to be delivered over 12-14 months.

How is it delivered?

You will be assigned a tutor who will plan an individual learning programme with you. Your tutor is responsible for training and supporting you to ensure that you have the knowledge and skills to be able to successfully undertake your end point assessment. You will have regular tutorials each month and you will be asked to complete daily/weekly activities using learning resources that are provided for you. During your programme, we will collect evidence of the 'Off The Job' training you receive during your programme, which can include; online learning; completing activities and questions; work shadowing; mentoring and a range of other activities that can be completed whilst still being within your workplace and which should take place within your working hours. Your manager will be asked to support you with this before you start your programme.

Entry requirements?

You should be aged 16 or over and be working or applying to work with a company where you will be in a role that enables you to have exposure to the responsibilities identified at the beginning of this document. There are no formal qualifications required but you will need to have a minimum standard of level 1 English in order to cope with the requirements of this programme. If you don't already have a level 2 English and/or Maths qualification, we will train and support you to achieve this as part of your programme. Those with any level of prior education including degrees may wish to apply and we will check your eligibility and suitability.

Progression?

Depending on your circumstances, you may wish to progress on to a Higher level Management programme.

Cost?

Apprenticeship Levy paying companies can use their Levy to cover the full cost of training and end point assessment. Companies who do not pay the Apprenticeship Levy will contribute 10% of the full value of the programme, the balance (90%) is contributed by government. Contact us to confirm the value.
