How is the course structured?

Your Apprenticeship is a collection of recognised and externally accredited individual qualifications that are delivered as part of a package that can also include other business specific training elements. We call this an Apprenticeship Framework.

A full Apprenticeship Framework is made up of the following elements:

You will be given mentoring and support in your role both 'on and off' the job through your employer's assigned supervisor/mentor/manager. In addition, a daily or weekly portion of time should be identified, outside the training elements shown above, to complete work-based assignments/project work or to access online learning. The time that needs to be dedicated to this varies from learner to learner; it may equate to an hour within the working day. Your monthly activities will be detailed by your tutor and activities undertaken should be recorded within your Learning Journey document.
